

Protect US Workers Immigration Conference Call

Hosted by Sara Blackwell, Esq.

Date: Wednesday March 7, 2018 **Time:** 8-9 pm EST

Call number: (515) 604-9359 **Password:** 264725

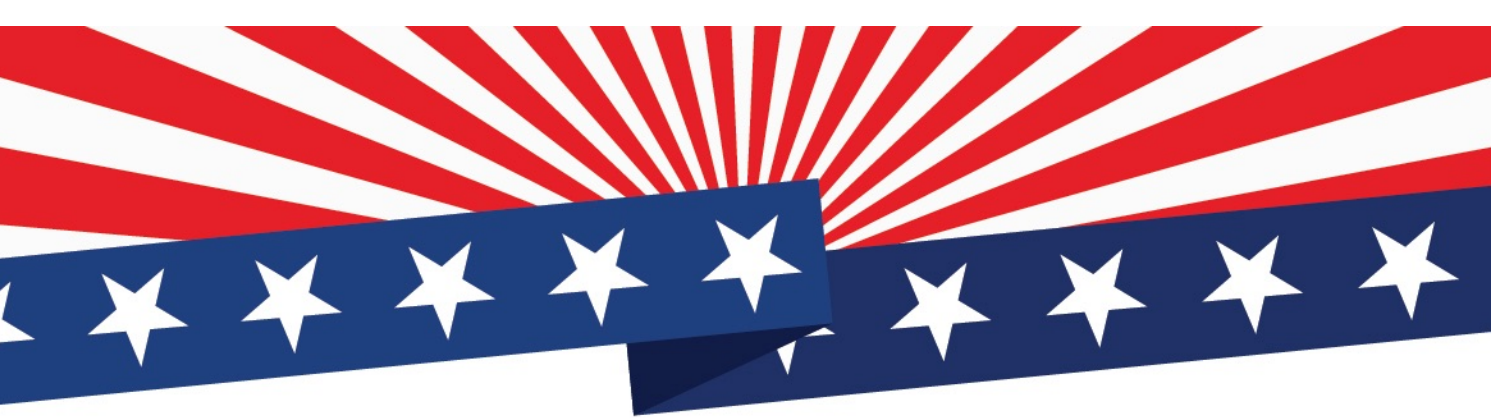

Agenda

Ideas of getting our message being heard by media, Congress, the White House and states. We all should write letters. We all should continue to post on social media. We all should continue to tell everyone the truth. But, other than those ideas, what can we do? We need new ideas. We need innovative ideas. We need a solid plan.

For this call, we are not discussing what is wrong with the immigration system. We all agree that there needs to be a change to immigration. We believe that the current immigration system (at least in some way) hurts American workers, American companies, some foreigners and the security of the United States. We differ on the actual changes. We differ on who is to blame and what is the best resolution.

We also know that we need to have a voice. Most people are unable to have a voice or to come out publicly against the immigration issues and the business models of outsourcing and offshoring.

There are thousands or millions of Americans, Indians and others who want change but cannot have a voice.

Rallies and meetings have not been as big as we want because of the inability of people to attend.

President Trump and the White House have not been actively listening to our side of the issue. We are the underdogs. We are fighting billionaires, politicians and even the country of India. It is more than David v. Goliath.

We stand for fairness, justice and the protection of America. America cannot be a home for foreigners and it cannot help other countries if it is broken within.

Immigration is a HUGE issue with many, many facets and we are only addressing: school visas, OPT, work visas and green cards based on work visas.

Instructions:

You do not have to provide your name or any information to join the call.

Please put your phones on mute during the call.

Everyone will get a chance to speak if they want. I will give each person 3 minutes then I will notify them that their time is up. I expect everyone to be respectful of the time limit.

I have no ability to kick anyone off the call so if there is a disruptive attendee then we may have to hang up and try again another way. Sorry, I know there are people who do not want us to gain traction in our fight so I do worry about this.

Also, we will not insult anyone for any reason whatsoever. Only person speaking is me and whoever has the floor for 3 minutes. No comments in between by anyone. Phones on mute.
